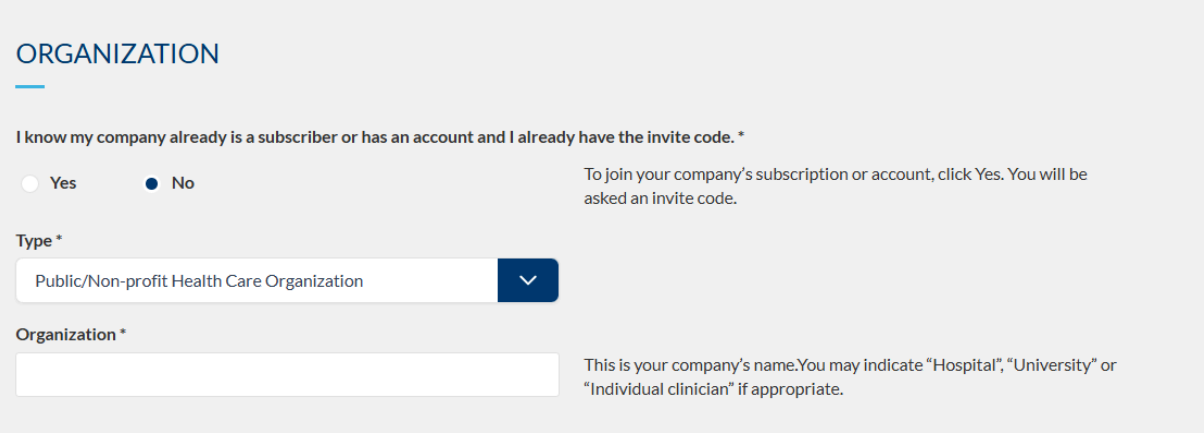
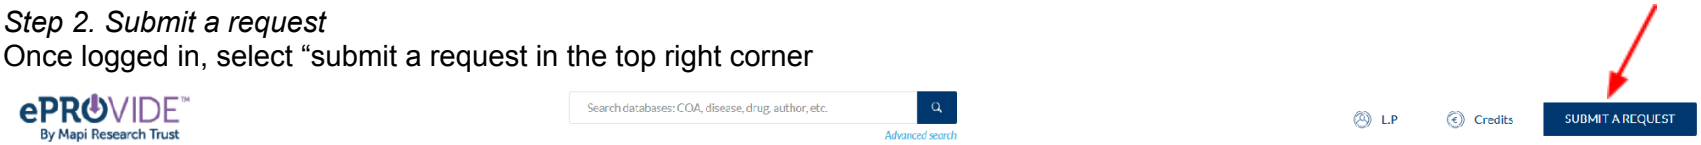
Permission to use the Functional Disability Inventory - instructions

Website: https://eprovide.mapi-trust.org/register

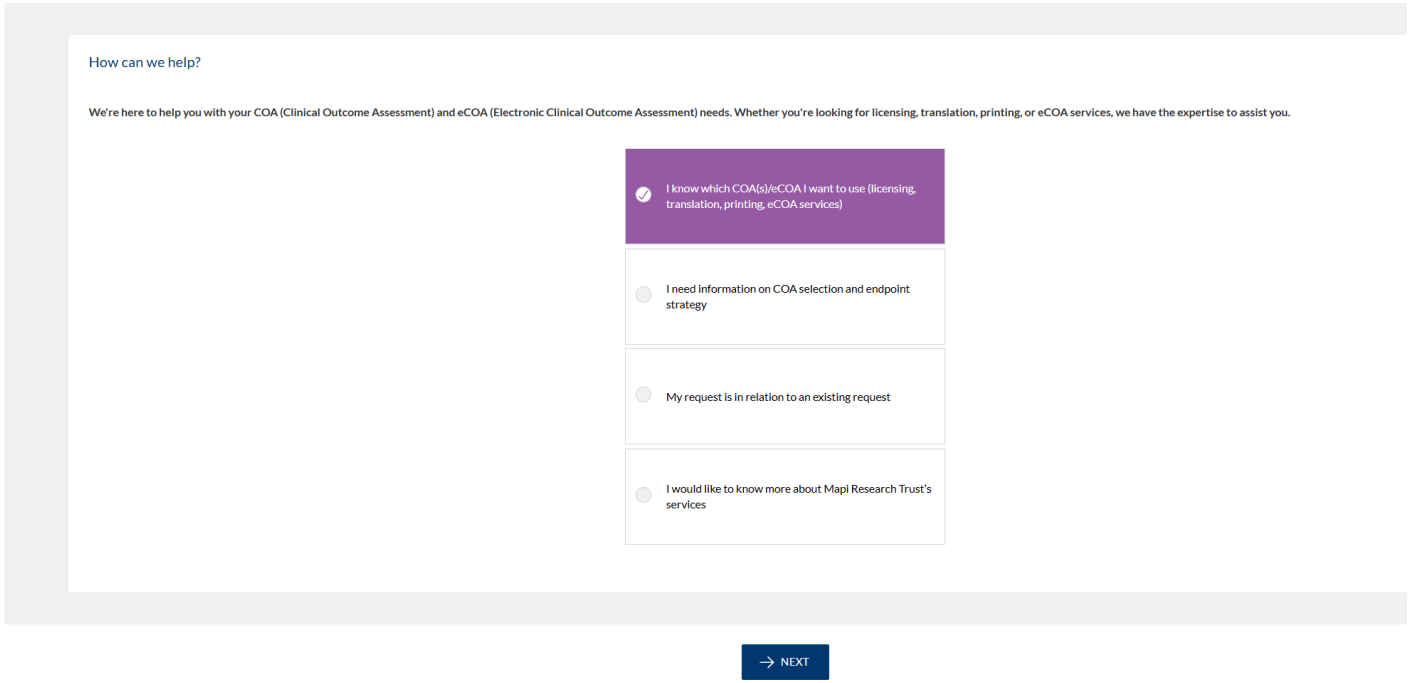
Step 1. Register for an account with MAPI
To apply for a licence to use the FDI, you need to first register for an account with MAPI using their ePROVIDE platform. You will need to enter your central clinic email address, institutional details etc. It's quite self explanatory. Where it asks "I know my company is already a subscriber and I already have an Invite code", select "No":



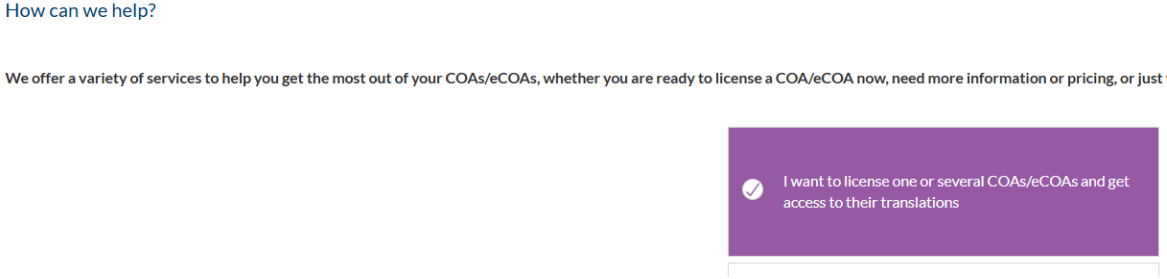
Step 2. Submit a request
Once logged in, select "submit a request in the top right corner



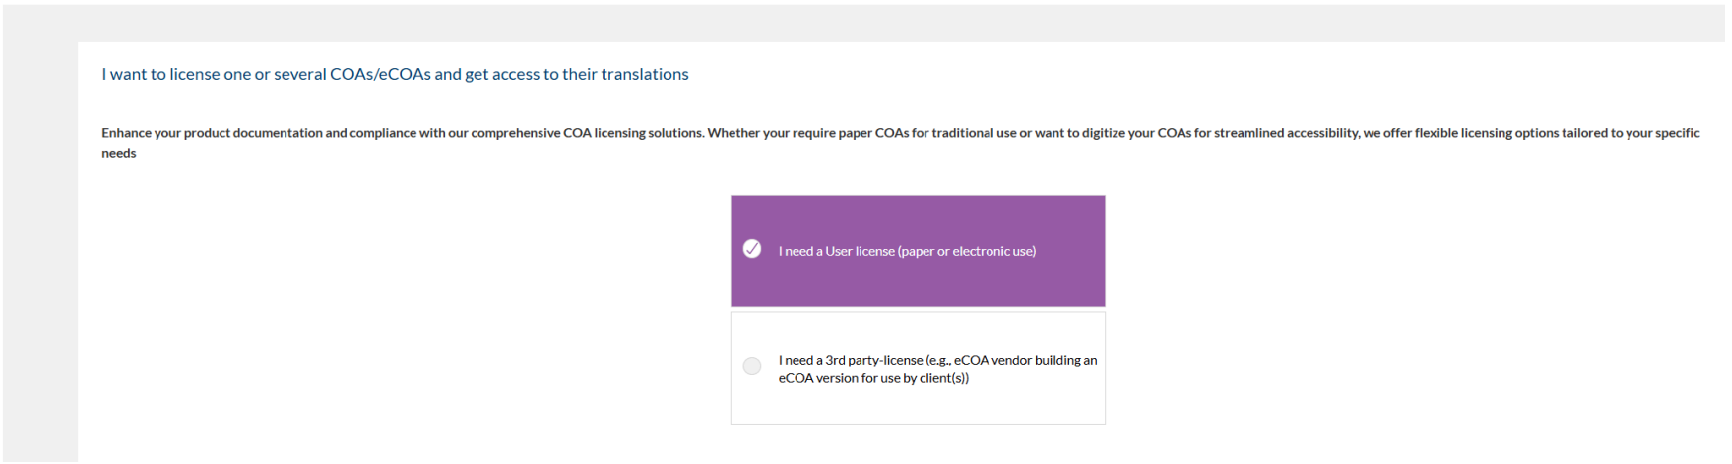
Step 3. Select: “I know which COA I want to use” -> click next



Step 4. Select “I want to license one or several COAs” -> click next



Step 5. Select “I need a User licence” -> click next



Step 6. Fill in details under Submit Request. Suggested responses are included however please modify as required for your clinic's individual circumstances. Select "Send" when complete.
